For more information, contact Human Resources and/or read [BP 5141.04](#).

SAFETY AND EMERGENCY COMMUNICATIONS

CRY-ROP employs the following tools to effectively communicate information relating to organizational safety and emergency response plans:

- Emergency Quick cards offer steps to respond to a variety of emergencies and campus incidents. They are placed in campus disaster packs, which are located in all departments on the CRY-ROP main campus.
- The SwiftK12 Emergency notification system uses multiple points of contact, such as texts, phone calls, and emails to notify staff members of emergencies and safety related information. The notification system is beneficial in keeping our organization connected and informed during emergencies, disasters, and incidents involving our campus and district schools.
- A paging feature in the POLYCOM VOIP telephone system allows staff to make announcements throughout the CRY-ROP campus.
- [The CRY-ROP website](#) – lists available emergency information and resources that benefit both internal and external visitors. CRY-ROP updates the website with relevant emergency notifications and other safety notices, when necessary

- Many CRY-ROP personnel have been assigned CRY-ROP cell phones or have their personal phones approved for work use. These are convenient communication tools for emergencies.
- Portable radios are assigned to every classroom and department on the CRY-ROP campus, allowing teachers and staff to communicate effectively within the organization when telephone (Cellular and VOIP) systems are non-functional or impractical.
- CRY-ROP adopted the FEMA Incident Command System (ICS) to coordinate the structure of managing incidents and emergencies. The Incident Command Team is composed of members from the management team.

EMPLOYEE ACCIDENTS OR INJURIES

In the event that you experience a work-related injury or illness, contact your supervisor and/or Human Resources immediately. Human Resources can be reached at 909 793-3115, ext. 105 or 108.

The supervisor and/or injured employee should immediately call the Company Nurse at 1-888-375-0280 if 911 emergency services are not needed. Company Nurse is available 24 hours a day.

WORKING AT CRY-ROP

ATTENDANCE

Each member of our team serves an integral part in the seamless services we provide to students and other staff members: therefore, regular attendance is important for our organization's success. Colton-Redlands-Yucaipa ROP is using a service from Frontline Education that greatly simplifies and streamlines the process of recording and managing absences and finding substitutes. The Frontline Absence & Time solution will be available to you 24 hours a day, 7 days a week and can be accessed via internet and phone.

You can interact with Frontline on the internet at Frontlineeducation.com. Here, you will be able to enter absences, check your absence schedule, update personal information, and exercise other features such as uploading your lesson plans for substitutes to view online.

ATTENDANCE PROCEDURES

Use the Frontline absence management system to report and document **all** absences. ***The following attendance procedures are required:***

- Enter absences in Frontline in a timely manner.
- All employees are required to inform their direct supervisor promptly of any absence.
- Log in to Frontline upon arrival at work every day via the Kiosk scanners available at each Employee Entrance.
- If an employee must leave work due to an emergency or sudden illness, they must notify Human Resources and their supervisor.
- **Teachers:** absences are to be taken for the entire duration of the period to minimize disruptions to student learning.

A medical note from a physician will be required on the third consecutive absence when using personal illness or personal necessity leave banks. The Superintendent, or his/her designee, may require additional written verification by your physician or practitioner whenever your absence record shows chronic absenteeism or a pattern of absences before or after weekends and/or holidays. CRY-ROP also reserves the right, at ROP expense, to have you submit to an examination by a physician of CRY-ROP's choice.

Overtime/Compensation Time Off

Requests for overtime must be approved by the Superintendent, or his/her designee in advance and must be tracked by the supervisor on the *Compensation Time Earned and Used* form.

Overtime is strongly discouraged and very rarely approved. Unauthorized overtime will result in negative documentation on employee evaluation.

MEALTIME AND BREAKS

CRY-ROP provides each employee, with the exception of the classroom teacher, at least a fifteen (15) minute paid break for each four (4) hours worked (or major fraction of four (4) hours). If an employee works three and one-half (3 ½) hours or less, it is not required that a break be given to that employee. Breaks should be given to employees as near to the middle of

the four (4) hours segment of time as is practical.

The lunch period is a time for the employee to take care of personal issues and to relax and catch their breath. Employees are not permitted to forgo the lunch period to shorten the workday. No employee should work more than five hours without having a meal period of at least 30 minutes, except that when a work period of not more than six hours will complete the day's work, the meal period may be waived by mutual consent of the employer and the employee. Unless the employee is relieved of all duty during a 30-minute meal period, the meal period shall be considered an "on duty" meal period and counted as time worked.

LACTATION

In accordance with the California Education Code, CRY-ROP has a Board Policy regarding lactation. For more information refer to [BP 4033](#) or reach out to HumanResources@cry-rop.org if you have any questions.

DRESS AND GROOMING

As Career Technical Education professionals serving as role models for students, it is important that CRY-ROP employees maintain a positive image. The guidelines are intended to balance the need to present a professional image, while promoting respect for each employee's individual expression. To assist in defining the expected standard, the following guidelines are provided:

1. Certain positions are provided with uniforms to better support the nature of their jobs.
2. Jewelry/accessories must not detract from a professional appearance and should not constitute a safety hazard.
3. Flip-flops having a rubber sole held on the foot by a strap fitted between the first two toes are unacceptable.
4. Tattoos that depict nudity, violence, drug use, vulgar, lewd, gang or prison affiliation must be covered.
5. Jeans that are not ripped or faded are only permitted on Fridays.
6. A supervisor may modify the guidelines for work projects, for example if an employee feels that informal clothing would be appropriate to his/her unique assignment or

would enable him/her to carry out the assignment duties more effectively.

7. CRY-ROP Spirit Days: Every Friday is set aside for CRY-ROP spirit day. Employees may wear any style or color of CRY-ROP logo shirts. Jeans, twill, or casual pants
8. Theme Days: CRY-ROP supports team-building events where business casual dress in support of the theme is suggested for the day. Written notices will be distributed for any "theme day" prior to the event.
9. If an employee needs a reasonable accommodation of the standards of appearance based upon medical needs, physical disability, religious or ethnic/cultural requirements, a request must be made through the supervisor or Human Resources

If you have questions about these guidelines, please check with your supervisor or refer to [BPs 4119.22 / 4219.22 / 4319.22](#).

EVALUATION/SUPERVISION

An employee's job performance will be evaluated by their supervisor. Regular, comprehensive evaluations can help employees to continually improve the performance of their responsibilities. Evaluations shall be made in accordance with procedures based on job specific standards of performance. Evaluations are kept as part of your permanent personnel file.

Employees newly hired for regular positions in the classified service shall be considered probationary employees until they have satisfactorily completed six months or 130 days of paid service. Upon satisfactorily completing this period, they shall become permanent classified employees of CRY-ROP.

Probationary employees shall receive written performance evaluations by their supervisor during the probationary period. These evaluations shall indicate whether the evaluator is satisfied or not satisfied with the employee's ability, performance, and compatibility with the job. Probationary employees will be evaluated within ninety (90) days, and again at six (6) months.

The Superintendent, or designee, may dismiss an employee during the initial probationary

period. The Superintendent, or designee, may extend the initial probationary period for any classified employee if an employee is out due to illness.

All permanent classified employees will be evaluated using the formal CRY-ROP evaluation document at least once per year. Permanent employees promoted to a higher classification shall be considered probationary in their new position until they have satisfactorily completed six months of service in that position. A permanent employee who accepts a promotion and fails to complete the probationary period for that promotional position shall be employed in the classification from which he/she was promoted.

For more information, contact Human Resources and/or read [BP 4215](#) / [4216](#) / [4315](#).

TEACHER EVALUATION PROCEDURES

Each teacher shall be formally evaluated by use of the formal Teacher Performance Appraisal evaluation document.

Observations: Each teacher to be evaluated will be observed at least once during their evaluation year in the classroom by his/her supervising manager. "Evaluation year" is based on the year of hire.

Evaluation/Appraisal Procedure for all Teachers:

Frequency:

(Evaluation/Performance Appraisals for all teachers, including adult program teachers, must be completed no later than May 15.)

- All teachers will be evaluated their first year working with CRY-ROP.
- All teachers will be formally evaluated by their Program Manager (PM) every other year. Exceptions can be made when necessary, because of the number of teachers being hired in one year. A teacher with 3 positive evaluations in a row with minimal suggestions can be skipped with approval from the Superintendent.
- Teachers on a preliminary credential will be observed by their mentor the first and

second year or until they clear their credential. That observation/assessment is placed in the teacher's site file with their Program Manager.

- Teachers will be asked to complete a program review every other year (opposite year of evaluation). This includes a biennial review that is presented to the Board.

Process:

- The evaluation will be completed by the Program Manager based on classroom observations and interactions during the evaluation year.
- A minimum of one formal scheduled observation is required where the teacher provides a written lesson plan in advance. Upon completion, the PM will meet with the teacher to discuss the observation. If the observation did not go well and less than 75% of the competencies are met, a second observation will be scheduled.
- Prior to the end of the school year, the Program Manager will complete an evaluation of the teacher. Prior to sharing with the teacher, the evaluation will be shared with the Superintendent or Director of Educational Services. During the evaluation process, specific goals will be set for the following year.

DISCIPLINARY AND CORRECTIVE ACTION

The Governing Board expects all employees to perform their jobs satisfactorily and to exhibit professional and appropriate conduct. An employee may be disciplined for unprofessional conduct or unsatisfactory performance in accordance with law, Board policy, or administrative regulation.

Disciplinary actions shall be based on the particular facts and circumstances involved and the severity of the employee's conduct or performance. The Superintendent, or designee, shall ensure that disciplinary actions are taken in a consistent, nondiscriminatory manner and are appropriately documented.

Disciplinary actions may include, but are not limited to, verbal and written warnings,

involuntary reassignment, demotion, suspension without pay, reduction of pay step in class, compulsory leave, and dismissal.

For more information, contact Human Resources and/or read [BP 4118](#) / [4218](#).
